

**BOARD OF EDUCATION MEETING MINUTES  
PERU ELEMENTARY SCHOOL DISTRICT 124  
Parkside School Conference Room  
1800 Church Street, PERU, IL  
January 22, 2024, 2:30 PM**

Chair Simon Kampwerth Jr. called the meeting to order at 2:30 PM.

In attendance were Simon Kampwerth, Josanne Bruins, Patti Leynaud, Superintendent Craven and Jacob Been, Healy, Bender, Patton, & Been Architects via Zoom.

Discussion: REVIEW CLASSROOM ADDITION OPTIONS FOR NORTHVIEW SCHOOL

Jacob Been provided an overview of three different addition plans including several iterations of each plan. The building and grounds committee discussed multiple considerations including but not limited to, the impact to existing playgrounds and play areas, the north parking lot, and underground utilities. Further discussion included the flow of the building, where to possibly relocate some programming, and the need to have a full 5 section building for future growth, and cost estimates for each plan.

The committee discussed in detail the positive and negative aspects of each draft, the cost estimates for each draft, and the need for additional small meeting space and office space.

After much discussion and consideration, the building and ground committee unanimously agreed to "Plan B", a six-classroom addition at the end of the second-grade hallway. This recommendation will be shared with the entire board at the February 21, 2024 board meeting

Update: MAINTENANCE GRANT UPDATE

Jacob Been reviewed the Maintenance Grant plan of replacing 11 exterior classroom doors at Northview school and addressing the glass entry in the Library. After reviewing the glass entry plan the committee unanimously agreed on his recommendation.

The Committee meeting was adjourned at 4:37 PM
