

School District Organization

School District Philosophy, Mission and Beliefs

School District Mission

To provide our students with a world class education.

School District Beliefs

- ✓ Children are why we are here, and their education, safety and well-being must always come first.
- ✓ There is no replacement for high expectations, and we must expect our students to achieve to the absolute best of their individual ability.
- ✓ All children can learn – even if not at the same pace or in the same way – and they must show constant growth and improvement.
- ✓ We must remove all possible barriers to learning so that there are no limitations to what our students can achieve.
- ✓ Reading and literacy are the foundations to learning and academic excellence.
- ✓ A world class educational system is the cornerstone of a great community.
- ✓ Effective education is a partnership among schools, parents, families and our local community.
- ✓ Fiscal responsibility is critical not only so that we are accountable to our taxpayers, but also to help ensure that we can continue to provide our students with the highest quality educational programs.
- ✓ We are accountable to our parents and community to provide our students with an excellent education.
