IVCC

Description: The IVCC men's basketball coaches and players will be conducting this camp. The primary emphasis of camp is to improve each player's fundamental basketball skills. Campers will participate in drills, stations, and competitions designed to develop their individual shooting, passing, ball handling, and defensive skills. Campers will also play games and be taught team offensive and defensive concepts. The camp is designed to not only improve each camper's skills but also provide a fun week of basketball.
