Home Focus:

It's time to start thinking about cool weather gear. Can your child put on a coat and zip/button it independently? Over-the-head hooded sweatshirts are sometimes tricky, too. Please begin practicing at home!

K-3 Wish List:

We still have a lot of PE shoes that tie. Please send Velcro shoes if you are able. Also, as we look ahead to colder weather, please remember that mittens are MUCH easier than finger gloves!

Important Class Information

*I'm already seeing some great progress with letter and sound recognition. Hats off to all of you who are working at home to help your child be confident at school. Don't forget to practice weekly sight words, too!

Have a great weekend!
