

Peru Elementary School District 124

Volleyball and Basketball Parent Permission Form

The Illinois Elementary School Association (IESA) is allowing member schools to hold modified boys basketball and volleyball seasons.

Current Tier 1 IDPH/IESA parameters include:

- Teams in medium-risk sports (volleyball) can participate in practices, intra-squad scrimmages and contests against other schools in our conference/EMS region if parents give their consent.
- Teams in high-risk sports (basketball) can participate in practices and intra-squad scrimmages if parents give their consent.
- Students participating in volleyball and basketball must wear face coverings during practices, scrimmages and contests.
- All participants must have a current physical (within the last 395 days).

Peru Elementary School District 124 administration or staff cannot guarantee that students will be social distancing at all times during activities such as basketball and volleyball. Practices and gameplay will be structured to minimize close contact as much as possible but such athletic activities naturally lend themselves to periodic close contact.

Parent Permission

I acknowledge that I have read the volleyball/basketball parent permission form and grant my child permission to participate during the 2020-21 school year with the understanding that the district cannot guarantee full social distancing during such activities. I understand that my child must wear a mask at all times in order to participate.

Student Name: _____ Grade _____

Sport(s): _____

Parent Signature _____ Date _____
