

## **What personal information does Google Collect?**

When creating a student account, Peru Elementary School District 124 may provide Google with certain personal information about the student, including, for example, a name, email address, and password. Google may also collect personal information directly from students, such as a telephone number for account recovery or a profile photo added to the Google Workspace for Education account.

When a student uses Google core services, Google also collects information based on the use of those services. This includes:

- account information, which includes things like name and email address.
- activity while using the core services, which includes things like viewing and interacting with content, people with whom your student communicates or shares content, and other details about their usage of the services.
- settings, apps, browsers & devices. Google collects information about your student's settings and the apps, browsers, and devices they use to access Google services. This information includes browser and device type, settings configuration, unique identifiers, operating system, mobile network information, and application version number. Google also collects information about the interaction of your student's apps, browsers, and devices with Google services, including IP address, crash reports, system activity, and the date and time of a request.
- location information. Google collects information about your student's location as determined by various technologies such as IP address and GPS.
- direct communications. Google keeps records of communications when your student provides feedback, asks questions, or seeks technical support

The Additional Services we allow students to access with their Google Workspace for Education accounts may also collect the following information, as described in the Google Privacy Policy:

- activity while using additional services, which includes things like terms your student searches for, videos they watch, content and ads they view and interact with, voice and audio information when they use audio features, purchase activity, and activity on third-party sites and apps that use Google services.

- apps, browsers, and devices. Google collects the information about your student's apps, browser, and devices described above in the core services section.
- location information. Google collects info about your student's location as determined by various technologies including: GPS, IP address, sensor data from their device, and information about things near their device, such as Wi-Fi access points, cell towers, and Bluetooth-enabled devices. The types of location data we collect depend in part on your student's device and account settings.
